

LOWER COLUMBIA SCHOOL GARDENS INVITES YOU TO A
FREE VOLUNTEER TRAINING!

Whether you are currently volunteering in a school garden or are just starting to think about getting your hands dirty... this **free training event** is for you! Learn simple, effective techniques and strategies for helping kids (and plants!) to thrive.

Topics include:

- Why school gardens?
- Garden activities and lessons (we have newly developed resources to share!)
- Starting seeds indoors and outside
- Composting with kids
- Cooking with kids
- Garden safety
- Group management strategies
- Inquiry Based Learning
- School Garden Resources
- The Garden Coordinator
- And more!

"Ultimately it is the volunteers who make it possible for kids to experience the garden in a meaningful way."

We will work in the classroom as well as out in the garden - there will be plenty of hands-on learning!

Enjoy learning and connecting with great people who have a shared passion for kids, gardens and good food. Snacks provided. And yes, Steve the Rabbit will be there.
